Schedule

September 7th	8:50-10:20	Introduction & Writing section
	10:40-12:10	
September 8 th	8:50-10:20	Reading section
	10:40-12:10	
September 9th	8:50-10:20	Listening section
	10:40-12:10	
September 10th	8:50-10:20	Speaking section
	10:40-12:10	

The first day familiarizes students with the test format and then looks closely at a typical writing section, because this illustrates the kind of argumentation that the testers expect for other sections. Knowing how information is organized is a necessity for the speaking section, and it facilitates understanding of listening and reading passages.

Class size is small, so students can receive feedback on their writing and speaking. All of the classes have a variety of activities. The pace will be slightly faster than last week's Beginner group. Some time may be spent on IELTS, if students are also taking that test.
